

## EVALUATION SHEET

### 1. General Information:

- (a) Division: Sundargarh  
(b) Range: Lepthapada.  
(c) Section: - Gundupadi  
(d) Beat: - Baelama

### 2. Information of the Plantation Site:

- (a) Name of the site: - RET medicinal ANR plantation over 50 Ha. Bhangegudi RF.  
(b) Legal status of the site: - RF  
(c) Year of Plantation: - 2025-26  
(d) Type of Plantation: - ANR @ 200pl/Ha.  
(e) Area (In ha) - Gross area - 52 Ha Treatment area - 50 Ha.  
(f) Construction of Signboard at the Plantation site: - Constructed signboard.  
(g) Expenditure Incurred:-  
(DFO to submit the information sheet reflecting the Norm and Year wise expenditure on different items of operation including SMC & EPA to the evaluation team)

### 3. Plantation Journal:

- (a) Maintained or not:-  
(i) If Yes, date of inspection by CF and above Officers:-  
(ii) If Yes, date of inspection by DFO and below Officers:-

ACF Sundargarh  
RO Lepthapada.

### 4. Map of the planting site

- (a) Prepared:  
(b) Not prepared

Prepared

### 5. Treatment Map:

- (a) Prepared:-  
(b) Not Prepared:-

Prepared.

### 6. Area of the Plantation:

(100% of the plantation pillars are to be verified, the details of which recorded in Annexure-I)

- (a) Gross area of the plantation:- 52 Ha.  
(b) Net area planted - 6.25 Ha.  
(c) No. of pillars posted:- - 32  
(d) Whether pillars are numbered:- - Numbered.

- (e) Whether the area of the plantation is fully covered:- ANR @ 200pl gap planting done.

(Area of the plantation calculated from the map on Google earth traced by the team to be enclosed)

### 7. Delineation of 4 ha. Plot:

(Applicable for plantation area more than 8 ha. Except RDF & Insitu plantation)

- (a) Delineated:  
(b) Not delineated:

Not delineated due to gap plantation.

## B. Plantation

(2% area of the plantation scheme in that Division site is to be evaluated being selected on random sampling basis, the details of which recorded in Annexure-2 & #. The size of each sample plot is 40 mt X 25 mt.)

(a) Species wise seedlings planted:-

| Species | Number | Species | Number | Species | Number |
|---------|--------|---------|--------|---------|--------|
| Sesad   | 2500   | Beja    | 200    |         |        |
| Phasi   | 2000   | Neem    | 200    |         |        |
| Baheda  | 1000   | Mendi   | 200    |         |        |
| Tamu    | 2200   | Kemum   | 200    |         |        |
| Tanfana | 500    | Kerai   | 150    |         |        |
| Ashok   | 500    | Haride  | 50     |         |        |
| Dhuryaj | 300    |         |        |         |        |

(b) Total no of seedlings planted:-

10000 Nos.

(c) Spacing adopted:-

2.5mtr X 2.5mtr

9. (a) Survival Percentage:-

(b) Average heights growth of the species:-

99%

| Sl. No. | Name of species | Min heights (in cm.) | Max heights (in cm.) | Avg heights (in cm.) |
|---------|-----------------|----------------------|----------------------|----------------------|
| 1       |                 |                      |                      |                      |
| 2       |                 |                      |                      |                      |
| 3       |                 |                      |                      |                      |
| 4       |                 |                      |                      |                      |
| 5       |                 |                      |                      |                      |
| 6       |                 |                      |                      |                      |
| 7       |                 |                      |                      |                      |
| 8       |                 |                      |                      |                      |
| 9       |                 |                      |                      |                      |
| 10      |                 |                      |                      |                      |
| 11      |                 |                      |                      |                      |
| 12      |                 |                      |                      |                      |
| 13      |                 |                      |                      |                      |
| 14      |                 |                      |                      |                      |
| 15      |                 |                      |                      |                      |
| 16      |                 |                      |                      |                      |
| 17      |                 |                      |                      |                      |
| 18      |                 |                      |                      |                      |
| 19      |                 |                      |                      |                      |
| 20      |                 |                      |                      |                      |
| 21      |                 |                      |                      |                      |
| 22      |                 |                      |                      |                      |
| 23      |                 |                      |                      |                      |
| 24      |                 |                      |                      |                      |
| 25      |                 |                      |                      |                      |

As per evaluation sheet  
collected from field/attached.

10 SMC:-

- (a) SMC activities taken up in the plantation site:-
- (b) Norm and expenditure:-

(To be submitted by the DFO to the evaluation team)

11. Participants of V,S,S. In plantation/protection programme:-

- (a) Maintenance of V.S.S. register:-
- (b) Mode of protection of plantation:-
- (c) Fire incidence in the plantation site:-

12. General observation:-

- (i) Suitability of the site for plantation:-
- (ii) Site specific right choice of the species:-
- (iii) Reason for high/low survival percentage:-
- (iv) Other if any:-
